

BRICKwall™ & TILEwall™ SERIES

Bring Brick and Tile Texture to Your Display Walls

The BRICKwall & TILEwall Series bring rich texture and color to slatwall panels, delivering the look of authentic brick or classic subway tile. Custom machining, groove treatments, and color options create a bold, eye-catching finish that elevates any space.

Key Features

Durable Construction:

Built with durable **high-strength particle board**, providing exceptional strength and reliability. Can be made from a full range of core options.

Customizable Finishes:

Options include custom factory finishing or shipped ready to paint. Grooves can be painted to further simulate the look of actual brick.

Versatile Configurations:

Supports a wide range of accessory placements, making it easy to create the perfect display for retail, commercial, or residential use.
